

Call for Startups in Healthcare & Medical Devices

Intesa Sanpaolo is seeking **new technology startups in the Healthcare & Medical Devices space** for the 2018 edition of its international acceleration platform [StartUp Initiative](#).

Examples of **target applications** include: technologies for disease prevention, diagnosis, treatment & therapy, surgery, prosthetics, laboratory instruments & equipment, implants, prosthetics, e-health, rehabilitation, fitness machines, etc.

Interested startups can apply by submitting a business plan or executive summary of their project via our [online application form](#) no later than **February 4, 2018**. Applications will be reviewed and screened along five key drivers: team and advisors; addressable market; product and development stage; barriers to entry and traction; economics.

Participating startups will go through a **training and selection process** made available at no charge by key industry players and qualified coaches. The most promising teams will have a chance to **pitch their project** to a wide audience of **financial and corporate investors**, significantly improving their fund raising and business development reach.

The program is structured as follows:

- **Mar 5-6 – Boot Camp (Milan):** admitted startups will receive two full days of training delivered by Intesa Sanpaolo experienced angel investors from California.
- **Mar 19 – Deal Line-Up (Milan):** trained startups will pitch to a panel of experts (industry players, investors and researchers), who will provide structured feedback and select the finalists, which will move forward with the program.
- **Apr 4-5 – Investor Arena Meeting (Milan):** the startups selected at the Deal Line-Up will have 10 minutes to pitch their project to a broad audience of around a hundred investors, corporations and players of the innovation ecosystem.

We remind you that there is **no charge** to participate in the program. Selected companies will need to cover their own travel and accommodation.

Do not hesitate to **contact us** if you have any questions!
